Pat/Asha,

Please ensure that all reports/plans/maps/EIR have an electronic copy on CD. This will ensure that the intake process can proceed smoothly and documentation can make it upstairs quickly.

I've edited the attached the spreadsheet to ensure that electronic files are received for all reports. I've also edited Column E regarding the GPAR's to indicate that the analysis is in the EIR land use section, and that the entity that will prepare the GPAR will be determined at a future date.

Thanks,

Robert Hingtgen, Planner III

Hi Pat,

Monday 4/15 at 10AM works well with us.

Thank you,

Lucia  
Phone: (858) 694-2262

Rob,

We are going to submit on Monday at 10:00, if that's ok with Zoning. This is a huge print job, so it's going to take an extra day. Please confirm we are good for date and time.

Hi Rob,

Per our conversation, please find attached the submittal matrix updated to include your requested DEIR copies. I understand you will provide this, along a special handling form as necessary, to the submittal counter for intake by Friday April 12.

Thanks,

Pat,  
I understand Ashley is out of the office until Tuesday 4/16. Assuming you don't want to put off the submittal until next week, let me know what you want to discuss concerning the submittal. If you already have directions for the submittal, just make sure it is consistent with that direction so our counter staff will have an easier time taking it in.

Thanks,

Subject: Soitec Project Submittal

Hello Ashley,

As we discussed previously, we are getting ready to deliver the Soitec First Screencheck PEIR, Rugged XIS 3, and TDS XIS 3 Resubmittal this Friday. We had a bit of a delay because of the recent weather in Boulevard (Snow). It's hard to survey with snow on the ground. We

are aiming for 10:00 on Friday unless we have some printing delays. I will keep you posted. We can come in and meet with you to go through submittal versus dumping it all on the zoning staff. Please let us know your preference.
